

Greenhouse gas emissions declaration

Because of climate changes, caused by human activity and driven by the need to take timely and responsible actions, VIDEOTON Bulgarian Holdings Management has declared its commitment to reduce the GHG emissions intensity by 50 % by Y2025.

In accordance with our Green Policy, commitment and our participation in The Zero Carbon Project driven by Schneider Electric, we declare and publish our progress and GHG emissions figures.

GHG emissions	<i>Base Year</i> 2020	<i>Most recent Year</i> 2022
Scope 1 emission in Tons	11,82	11,29
Scope 2 emission in Tons	483	489

The amount of emissions is calculated with the emissions calculator, provided by Schneider Electric based on energy and fuel consumption.

**Our Greenhouse gas emissions intensity was reduced
by 17 % from Y2020 to Y2022.**

**Our target is to reduce Greenhouse gas emissions intensity
by 50 % by Y2025.**
