

## Greenhouse gas emissions declaration

Because of climate changes, caused by human activity and driven by the need to take timely and responsible actions, VIDEOTON Bulgarian Holdings Management has declared its commitment to reduce the GHG emissions intensity by 50 % by Y2025.

In accordance with our Green Policy, our commitment and our participation in The Zero Carbon Project managed by Schneider Electric, we declare and publish our progress and our GHG emissions figures.

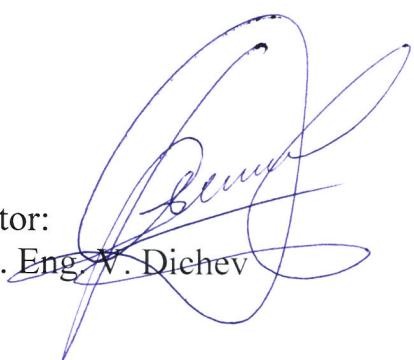

<b>GHG emissions</b>	<i>Base Year</i> <b>2020</b>	<i>Most recent Year</i> <b>2023</b>
Scope 1 emission in Tons	11,82	9,62
Scope 2 emission in Tons	483	405

*The amount of emissions is calculated with the emissions calculator, provided by Schneider Electric based on energy and fuel consumption.*

**Our Greenhouse gas emissions intensity was reduced  
by 34% from Y2020 to Y2023.**

**Our target is to reduce Greenhouse gas emissions intensity  
by 50% by Y2025.**
